EDUCATION

Princess Sumaya University for Technology (PSUT) — Amman, Jordan

Bachelor of Science in Computer Science

Cumulative GPA: **92.7%** **Ranked 2nd on batch**

Relevant Coursework:

Data Structures, Algorithms, Object-Oriented Programming, Structured Programming

TECHNICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, PHP
- **Web Technologies:** HTML, CSS
- **Core Concepts:** Data Structures, Algorithms, Object-Oriented Programming (OOP)
- **Problem Solving & Competitive Programming**

ACHIEVEMENTS & COMPETITIVE PROGRAMMING

- **IEEE-XTREME 19 International Competition:** Participant (2025)
- **Jordanian Collegiate Programming Contest (JCPC)** — Rank 50 / 102 teams (2025)
- **PSUT Annual ACM Coding Marathon** — Rank 40 / 80 teams (2025)
- **Junior Programming Contest – Applied Science University (ASU JPC 8):** Top 50% (2024)
- Solved **250+ problems on Codeforces**, demonstrating strong algorithmic thinking and problem-solving skills (2024-2025)

PROJECTS & ACADEMIC EXPERIENCE

- **Data Structures Implementation (C++)**
Implemented core data structures such as stacks, queues, and linked lists with a focus on efficiency and correctness.
- **Object-Oriented Programming Mini Projects**
Designed and implemented simple class-based systems applying OOP principles such as encapsulation and abstraction.
- **Web Development Practice**
Built simple static web pages using HTML and CSS.

EXTRA STRENGTHS

- Fast learner with strong analytical skills
- Competitive programming mindset
- Ability to work under pressure and in team-based environments
